The Party shall operate with guidance and coordination from the central organization, while provincial and district offices shall be established as needed to address regional and local concerns. These offices shall operate under the central organization’s oversight, ensuring that the Party’s ideology and objectives are consistently pursued across all levels.

Note on Abbreviation: The full name ‘Pakistan Millat Party (F)’ is used at first mention in each major section; the abbreviation ‘PMP(F)’ is used consistently thereafter, in correlation with the full name, throughout this Constitution.

Article 2: Scope of the Party

The scope of the Pakistan Millat Party (F) is both federal and provincial. The Party shall engage with national issues at the federal level while addressing the specific needs and aspirations of the people at the provincial level. This dual approach allows the Party to play an active role in shaping national policy and ensuring that regional concerns are adequately represented and addressed. PMP(F) is committed to engaging in political, social, and economic reforms that benefit the entire nation, from the central government down to local communities.

Article 3: Motto of the Party

The central motto of the Pakistan Millat Party (F) is to work towards the establishment of an Islamic welfare state in Pakistan, modelled on the principles of the Rashidun Caliphate. PMP(F) aims to bring Pakistan closer to the vision set forth by its founders, aligning its political and governance structures with the values of justice, equality, and social welfare as laid down in Islamic teachings.

Article 4: Aims and Objectives

The Pakistan Millat Party (F) is driven by the following key aims and objectives:

4.1 To Promote Unity Among Muslims

PMP(F) is deeply committed to fostering unity and brotherhood among Muslims, both within Pakistan and throughout the global Muslim Ummah. The Party stands firmly against sectarianism, ethnic bias, and regional divisions that weaken the Muslim community.

“Hold firmly to the rope of Allah together and do not become divided.”

— Surah Aal-e-Imran, 3:103. The Party affirms that this is an accurate rendering of the verse’s meaning and accepts full responsibility for the accuracy of the translation, its relevance to this Article, and its interpretation as applied herein.

4.2 To Establish an Islamic Government Based on Justice

PMP(F) envisions the establishment of an Islamic system of governance rooted in the timeless principles of justice (‘Adl), equity, and mercy (Rahmah), following the model of the State of Madinah.

"Indeed, Allah commands you to render trusts to whom they are due and when you judge between people to judge with justice."

— Surah An-Nisa, 4:58. The Party affirms that this is an accurate rendering of the verse's meaning and accepts full responsibility for the accuracy of the translation, its relevance to this Article, and its interpretation as applied herein.

The Party rejects all forms of injustice, corruption, nepotism, and abuse of power, advocating for a government that prioritizes public welfare and treats every citizen with dignity.

4.3 To Implement an Islamic Economic System

PMP(F) is dedicated to implementing a comprehensive Islamic economic system that ensures social justice, economic equity, and the elimination of exploitation. Central to this vision is the prohibition of Riba (interest).

"O you who have believed, do not consume usury, doubled and multiplied, but fear Allah that you may be successful."

— Surah Aal-e-Imran, 3:130. The Party affirms that this is an accurate rendering of the verse's meaning and accepts full responsibility for the accuracy of the translation, its relevance to this Article, and its interpretation as applied herein.

4.4 To Protect the Belief in the Finality of Prophethood

PMP(F) is dedicated to safeguarding the belief in the Finality of Prophet Muhammad (Peace Be Upon Him). The Holy Quran declares:

"Muhammad is not the father of any one of your men, but he is the Messenger of Allah and the Seal of the Prophets (Khatam-un-Nabiyyin)."

— Surah Al-Ahzab, 33:40. The Party affirms that this is an accurate rendering of the verse's meaning and accepts full responsibility for the accuracy of the translation, its relevance to this Article, and its interpretation as applied herein.

PMP(F) pledges to uphold this foundational tenet of Islam through all necessary legal and educational steps, in alignment with Article 260(3)(b) and the Second Amendment to the Constitution of Pakistan (1974), and Sections 295 and 298 of the Pakistan Penal Code.

4.5 To Promote a Unified and Inclusive Educational System

PMP(F) is committed to establishing a unified, inclusive, and forward-looking educational system that blends Islamic teachings with contemporary academic excellence, in accordance with Article 25-A of the Constitution of Pakistan.

4.6 To Strengthen Relations with the Muslim World and Support Muslim Minorities

4.7 To Uphold the Rights of Non-Muslim Minorities in Pakistan

PMP(F) is firmly committed to upholding the rights, freedoms, and equal citizenship of all non-Muslim minorities, in accordance with Articles 20, 21, 22, 25, and 36 of the Constitution of Pakistan and the Islamic principle:

"There is no compulsion in religion. The right course has become clear from the wrong."

— Surah Al-Baqarah, 2:256. The Party affirms that this is an accurate rendering of the verse's meaning and accepts full responsibility for the accuracy of the translation, its relevance to this Article, and its interpretation as applied herein.

Article 8: Executive Council

8.2.1 Authority of the Chairman

The Chairman is the highest-ranking elected office bearer of the Executive Council and exercises authority on behalf of, and as collectively authorized by, the Executive Council, consistent with democratic and collective-leadership norms.

The Chairman shall not, by virtue of the office alone, possess unrestricted, unilateral, or inherently final decision-making power. However, in order to ensure timely and effective governance, the Executive Council may, by majority resolution, expressly delegate or authorize the Chairman to exercise final decision-making authority over specific, identified matters or categories of decisions (such as routine administrative approvals, time-sensitive operational matters, or matters falling within a defined mandate set by the Executive Council).

Any such delegation of final authority to the Chairman shall: (a) be recorded in writing in the minutes of the Executive Council; (b) specify the scope and duration of the authority delegated; (c) remain subject to review, modification, or revocation by the Executive Council at any time by majority vote; and (d) not extend to constitutional amendments, expulsion or disqualification of members, or any matter which this Constitution expressly reserves to the General Council, Advisory Council, or Executive Council as a whole.

Outside the scope of any such express delegation, all key decisions and actions of the Party shall continue to require the collective approval of the Executive Council, ensuring that the Party upholds democratic norms and collective leadership at all times.

9.2 Composition

The Advisory Council shall consist of a minimum of 15 and a maximum of 50 members, selected from the General Council through mutual consultation between the President and General Secretary. 9.4 Leadership of the Advisory Council

The President and General Secretary of the Advisory Council are elected by the General Council through a democratic secret ballot process, ensuring accountability to the broader membership.

9.5 Meetings

The Advisory Council shall meet at least bi-annually. Additional meetings may be called for urgent matters by the President of the Advisory Council.

Article 10: General Council

10.1 Purpose and Role

The General Council is the foundational and primary legislative and decision-making forum of PMP(F). It is responsible for electing all key leadership positions, shaping policy, and ensuring the Party remains democratic, accountable, and connected to its grassroots base.

10.2 Composition and Electoral System

One (1) representative shall be elected for every twenty-five (25) registered Party members in a defined Region. Any Region with fewer than twenty-five (25) registered members shall, without exception, nonetheless be entitled to elect at least one (1) representative. No Region shall, under any circumstances, be left without representation in the General Council, regardless of the number of registered members within that Region.

To give effect to this formula, the General Secretary shall prepare and maintain an illustration sheet showing: (a) the electoral formula applied; (b) the verified member count for each Region; and (c) the resulting number of General Council seats allocated to each Region. This illustration sheet shall be updated and republished at least once every quarter (every three months) and additionally immediately prior to each intra-party election, and shall be made available to Party members and to the Election Commission of Pakistan (ECP) upon request.

Definition of ‘Region’

For electoral purposes, a ‘Region’ is defined as a recognized administrative division of Pakistan — namely a district, division, or province — as officially notified by the Party prior to each intra-party election. A clear and publicly available list of all such Regions, together with the verified registered membership count for each, shall be maintained and published by the General Secretary before each election cycle to ensure transparency, consistency, and fairness. The General Secretary shall maintain, update, and publish regional membership records at least quarterly and before every intra-party election, for the purpose of determining the strength and composition of the General Council.

Nominated Members

Four percent (4%) of the total General Council membership may be nominated to ensure broader, more inclusive representation. Nominated members are selected based on experience, expertise, or contributions to the Party’s ideals.

10.3 Responsibilities

- 10.3.2 Policy formulation and ratification.
- 10.3.3 Oversight and accountability of the leadership.
- 10.3.4 Serving as the direct link between grassroots members and Party leadership.

10.4 Election Process

Elections for the President, General Secretary, Chairman, and all other key leadership positions shall be conducted through a secret ballot. The process shall be monitored by the Election Commissioner for fairness and transparency, and results publicly announced. (See also Article 13 for detailed intra-party election procedures, including the one-time transitional provision applicable solely to the Party’s first election.)

10.5 Meetings

Article 12: Election Commissioner

12.1 Purpose

The Election Commissioner plays a vital role in ensuring the democratic integrity of PMP(F). This individual is responsible for overseeing all intra-party election processes, maintaining transparency, and ensuring fairness in all elections in compliance with the Elections Act, 2017.

12.2 Appointment

The Election Commissioner is appointed by the Executive Council for a five (5) year term, following a structured process to maintain impartiality and transparency.

12.3 Election Oversight Hierarchy

- 12.3.1 Provincial Election Commissioners are appointed by the Election Commissioner to oversee elections within each province.
- 12.3.2 Divisional and district-level election officers are further appointed to manage electoral processes at local levels.

12.4 Election Timelines and Voter Eligibility

Elections for all leadership roles shall be conducted at intervals not exceeding five (5) years, in accordance with Section 208(1) of the Elections Act, 2017.

This Article does not establish a separate election trigger based on individual member registration. Elections for all leadership and representative positions shall be conducted strictly in accordance with the periodic election timeline set out in Article 13 (including the five-year regular election cycle, and any applicable by-elections conducted under Article 13.6). The registration of a new member shall not, by itself, require, delay, or accelerate any scheduled election.

New members shall become eligible to participate as voters in intra-party elections only after completing six (6) months of continuous, verified membership immediately prior to the announced date of the relevant election. New members who have not completed this six-month threshold by the election date may attend and observe the election process but shall not be eligible to cast a vote until they satisfy this requirement.

Consistency Note: This six-month voter eligibility requirement is applied uniformly and without contradiction across Article 12 and Article 13 (including Article 13.3(3) and Article 13.5(3)) of this Constitution.

Article 13: Intra-Party Elections

13.1 Purpose

Intra-party elections are a cornerstone of PMP(F)'s democratic framework. They empower members to choose their leaders at all levels, ensuring internal accountability, participatory governance, transparency, and representativeness.

13.2 First Election — Transitional Provision (One-Time Only)

For the Party's first (foundational) round of elections only, and as a narrow, one-time exception to the general contested-election requirement of Article 10.4, key leadership positions — including the Chairman, President, General Secretary, and other essential office-bearer roles identified in Article 8.2 — may be elected on an unopposed basis where: (a) only one candidate is duly nominated for the position concerned; (b) the nomination has been publicly notified by the Election Commissioner for a period of not less than fifteen (15) days; and (c) no valid objection to the nomination is raised within that period. Subject to these conditions being met, such nominees, including a nominee for the office of Chairman, shall assume office without contest.

This exception does not contradict Article 10.4. Article 10.4 requires that elections be conducted by secret ballot under the oversight of the Election Commissioner; this requirement continues to apply to the first election in full. The only narrow exception created by this Article 13.2 is that, for the first election alone, a position with a single duly-nominated and unobjected-to candidate may be declared without a contested poll, since no contest exists to be balloted. Where two or more candidates are nominated for any position — including the office of Chairman — in the first election, that position shall be filled by contested secret ballot in the same manner as all subsequent elections under Article 13.3.

Justification: This transitional provision ensures smooth and timely establishment of the Party's foundational leadership structure during its formative stage, enabling focus on organizational building, member outreach, and

policy development. This is strictly a one-time provision applicable only to the Party's foundational election and shall never be relied upon in any subsequent election cycle.

All subsequent intra-party elections, without exception and including the election to the office of Chairman, shall be fully contested in alignment with democratic principles and Article 10.4, ensuring robust participation and representative leadership.

13.3 Subsequent Elections — Contested

After the first transitional election, all future intra-party elections shall be contested, with multiple candidates eligible to compete for each position.

- 13.3.1 Election Timing: Elections for all positions — including Chairman, President, General Secretary, Vice Presidents, and all other office-bearers — shall be conducted before the expiry of every five (5) year term, in accordance with Section 208(1) of the Elections Act, 2017. No term shall be extended beyond the statutory five-year limit.
- 13.3.2 Nomination Process: Any eligible Party member may nominate themselves or other qualified members. The list of nominated candidates shall be made public by the Election Commissioner within a stipulated timeframe prior to the election date.
- 13.3.3 Election Procedure: Elections shall be conducted through a secret ballot. All members of the General Council (or other designated electoral body) who meet the six-month continuous-membership eligibility threshold set out in Article 12.4 shall be eligible to vote. The Election Commissioner shall oversee the entire process.
- 13.3.4 Election Results: Results shall be publicly announced. Candidates securing the highest number of valid votes shall be declared elected and shall assume office immediately upon declaration of results.

13.4 Reserved Seats for Women (Minimum 5%)

To ensure gender inclusivity, a minimum of five percent (5%) of leadership positions shall be reserved for women across all councils and levels of the Party, including the General Council, Executive Council, and provincial and local levels.

13.5 Electoral Integrity

- 13.5.1 An Oversight Committee shall be formed to monitor the election process, ensure adherence to constitutional provisions, and safeguard impartiality and credibility.
- 13.5.2 An Election Dispute Resolution Committee (EDRC) shall be established to receive, review, and resolve election-related complaints; ensure due process; and issue final and binding decisions within a specified timeframe.
- 13.5.3 Voter Eligibility: Only members who have maintained continuous membership for a minimum of six (6) months prior to the announced election date shall be eligible to vote. This requirement is identical to, and applied consistently with, the voter eligibility requirement set out in Article 12.4, with no contradiction between the two Articles.

13.6 By-Elections in Special Circumstances

If a leadership position becomes vacant due to resignation, removal, death, disqualification, or any other valid reason prior to completion of the regular term, the Party shall conduct a by-election to fill the vacancy. The by-election shall be held within ninety (90) days from the date the vacancy arises and shall follow the same procedures, eligibility criteria, and oversight mechanisms as regular elections.

Until the by-election is held, the Party may designate an interim or acting office-bearer from within the eligible ranks for a period not exceeding the ninety-day by-election window. This interim arrangement is non-extendable.

Article 14: Student Organization

14.2 The Central General Secretary, in consultation with the President, shall be responsible for establishing and developing the Student Organization at the local, provincial, and national levels, and may appoint such office-bearers as are necessary to give effect to this Article.

Article 19: Amendment of the Constitution

19.1 Authority to Amend

The power to amend, revise, or repeal any provision of this Constitution shall rest solely with the General Council of PMP(F), in consultation with the Central Executive Committee (CEC).

19.2 Initiation of Amendment

A proposal to amend the Constitution may be initiated by: (a) the Central Executive Committee (CEC), or (b) at least one-third (1/3) of the total members of the General Council through a written motion submitted to the General Secretary.

19.3 Procedure

All proposed amendments must be circulated in writing to General Council members at least fifteen (15) days prior to the scheduled meeting. The proposed amendment shall be discussed in a Special Session or Annual General Meeting. The presence of at least two-thirds (2/3) of the total members of the General Council shall constitute quorum for constitutional amendments.

19.4 Voting Requirement

An amendment shall be deemed passed if it receives at least a two-thirds (2/3) majority of the TOTAL members of the General Council — not merely of those present and voting at the relevant meeting. This ensures constitutional amendments reflect a genuine supermajority of the entire council and not merely of a quorum.

19.5 Record and Notification

All amendments shall be duly recorded in the official Party register maintained by the General Secretary. The updated constitution shall be circulated among all provincial and district chapters and submitted to the Election Commission of Pakistan (ECP) within the timeframe required by, and in full compliance with, Section 201(3) of the Elections Act, 2017, and other applicable laws.

- 20.3.4 If the Council finds the reply unsatisfactory, it may constitute an Enquiry Committee to investigate further.
- 20.3.5 The member under inquiry shall be given an opportunity to submit a justification in person or via authorized representation.
- 20.3.6 The Enquiry Committee shall review evidence and submit just and equitable recommendations to the General Council.

20.4 Review of Decisions

PMP(F) shall provide equal opportunities for participation in all Party forums, decision-making bodies, and activities — including Party committees at central, provincial, and local levels; intra-party elections; and policy formulation and implementation processes.

21.3 Accessibility and Support Measures

The Party shall ensure that all membership processes, events, and materials are accessible to persons with disabilities and transgender persons. Reasonable accommodations shall be provided where necessary to facilitate their full participation.

21.4 Leadership and Representation

PMP(F) shall take appropriate steps to promote the representation of women, persons with disabilities, and transgender persons in leadership positions through both electoral and nomination-based mechanisms, in accordance with Party rules and democratic principles.

21.5 Awareness and Capacity Building

The Party shall organize programs and initiatives to raise awareness, provide political education, and build the capacity of women, persons with disabilities, and transgender persons to take on leadership roles and actively engage in political processes.

21.6 Compliance and Monitoring

PMP(F) shall maintain records of the inclusion of women, persons with disabilities, and transgender persons in its membership and leadership. These records shall be made available to the Election Commission of Pakistan upon request, and the Party shall ensure ongoing compliance with Section 203(4) of the Elections Act, 2017.

- 22.1.6 The Party's Financial Year shall commence on 1st July and end on 30th June each year.
- 22.1.7 A full Statement of Income and Expenditure, together with a Balance Sheet, shall be prepared annually.

22.2 Receipt and Collection of Funds

The Party shall generate funds through Membership Fees and Donations/Contributions from supporters. Until the Bank Account is opened, members and the public may deposit funds directly with the Finance Secretary or with any member appointed by the Executive Council. After the Bank Account is opened, donations may also be deposited directly into the Party's official Bank Accounts.

22.3 Issuance of Receipts

Every donor shall be given an official receipt containing: name and address of the recipient; name and address of the donor; date of payment; receipt number; amount paid; reason for payment; and mode of payment. The Secretary Finance and Provincial Secretary Finance shall be ex-officio members of the respective Fund-Raising Committees.

All periodic fund-raising campaigns and donation drives conducted by the National and Provincial Fund-Raising Committees shall be carried out in a manner that ensures continuing compliance with Section 204 of the Elections Act, 2017. In particular: (a) no fund-raising campaign shall be used as a substitute for, or be conflated with, the Party's formal membership registration and renewal process set out in Article 5; (b) any individual who pays a contribution during a fund-raising campaign shall not, by virtue of that payment alone, be treated as a registered member unless they separately complete the membership process and fee under Article 5; and (c) the Finance Secretary shall maintain records of every fund-raising campaign distinctly from the Party's membership register, so that the membership register required to be shared with the ECP under Article 5.3 remains accurate and unaffected by fund-raising activity.
